

Here's a sample of the information you'll find on our Web site Seedling Store:

Oak, Northern Red

(Red Oak, Gray Oak)
Quercus rubra

Seedling Height: 8 – 18 inches

Mature Size: 70 – 90 feet

Mature Diameter: 1 – 3 feet

Type: deciduous

Growth Rate: fast

Form: straight trunk and rounded, relatively narrow crown

Soil Type: clay, loam, sand, well-drained

Light: full sun

Foliage: alternate, simple, 5 – 8 inches long with 7 – 11 sharply pointed and bristle-tipped lobes; deep red fall color

Blooms: mid to late spring

Flowers: Males yellowish-green, slender, 2 – 4-inch catkins; females on short spikes; both appear in spring with the leaves

Fruit: Shiny, oval acorn, 1 – 1½ inches long, maturing in one season; cap scally, teacup-like, with thin edges separating from acorn when mature

Values and Uses: The wood is hard, strong, coarse-grained, with light reddish-brown heartwood and thin, light-colored sapwood. It is used for paneling, furniture, cabinets and flooring. The acorns provide food for many mammals and birds. The tree's symmetrical shape and fall color make it a desirable landscape tree.

Did You Know? Northern red oak is one of the most important timber trees in the eastern United States.

Terms and Conditions:

Full refund will be made, without penalty, in the event the Department is unable to make delivery for any reason.

If seedlings do not arrive in good condition, (i.e. dry, damaged, or diseased), claims must be made by telephone or in writing within 7 days of receipt. All unsatisfactory or rejected goods must be held for our advice or disposition.

It is agreed between the purchaser and the Department of Forestry that our liability will not exceed the original purchase price of the product excluding shipping costs.

The Department of Forestry assumes no responsibility or liability for the planting of any tree seedlings and in the sale thereof, makes no warranties, expressed or implied, of merchantability or fitness for a particular purpose and makes no warranties regarding the survival or rate of growth of any seedlings.

Enabling Legislation: Title 10, Subtitle 2, Chapter 11, Section 10.1-1114 of the Code of Virginia. As a direct means of re-establishing forests on lands in Virginia, the Department of Forestry, hereafter referred to as the Department, grows tree seedlings for sale at cost to private and public landowners for foresting lands in Virginia.

This institution is an equal opportunity provider.

Introduction

The Virginia Department of Forestry has been growing seedlings for Virginia landowners for 92 years. When you put your money in the ground in the form of seedlings, you need to start with the best stock available; stock suited for Virginia soils and climate. The cultural practices that we use in growing seedlings in our seedbeds are based on more than 40 years of research and experience in quality production.

In addition to the wide selection of bare-root seedlings, we also offer specialty seedling packs and seed mixtures suitable for various wildlife habitats, screening, use in wetland areas and for erosion control. Our seedlings are sold directly from the seedbed without replanting and seedling age is indicated with 1-0, 2-0 and 3-0 (one-, two- and three-year-old).

Due to budgetary reductions, we have changed from a full catalog to a Seedling Price Guide which provides available species and prices for this season. We recommend you visit our Web site where you will find a host of information about the species we offer, seedling sizes and you can view images of many species. While you're there, go ahead and place your order through our convenient Web store. See the sample at the left of the information you will find on our Web store.

This Seedling Price Guide provides pricing for more than 40 species of seedlings that have been grown at one of our two State Forestry Centers: the **Augusta Forestry Center**, near Waynesboro, and the **Garland Gray Forestry Center** near Littleton, Virginia. For other conservation/reforestation projects, contact your area forester. All orders made from this brochure or on-line will be shipped from the **Augusta Forestry Center** via United Parcel Service delivery.

***** NOW OFFERING SMALLER QUANTITIES *****
All tree species listed inside, with the exception of Loblolly Pine, may be purchased in quantities of 10 for \$20 or 25 for \$45. Loblolly pine is available in quantities listed inside or in the "Five-by-Five Select Pack."
